## ALIMENTATORI LAPADE LED

	<b>PLN-20</b>	<p>Universal AC input / Full range(up to 277VAC)          Built-in constant current limiting circuit with adjustable OCP level          Fully isolated plastic case          Protections:Short circuit/Over load/over voltage/Over temperature          Built-in active PFC function          IP64 design for indoor or outdoor installations          Small and compact size          Cooling by free air convection          100% full load burn-in test          High          Suitable for Damp / wet locations          Suitable for LED lighting and moving sign applications</p>	<b>19€ + IVA</b>
	<b>PLN-45</b>	<p>Universal AC input / Full range          Fully isolated plastic case with IP64 level          Built-in constant current limiting circuit with adjustable OCP level          Protections: Short circuit / overload / over voltage / Over temperature          Built-in active PFC function          IP64 design for indoor or outdoor installations          UL1310 Class 2 power unit          Pass LPS          Cooling by free air convection          100% full load burn-in test          High reliability          Suitable for LED lighting and moving sign applications</p>	<b>37€ + IVA</b>

## BOX PC

	<b>KCH-305 BP</b>	<p>Space-saving Micro box steel chassis suitable limited space for industrial controller box.          Passive back plane with 5-slot PISA bus or 5-slot PCI Bus          150-watt AC ATX power supply          One front-accessible 3.5" FDD and one internal 3.5" HDD          2 reserved ports for 9-pin, 25-pin          Special modular design allows users to maintain system with minimum down time          Power-on switch with indicator Power, Hard disk LED indicators One 35 CFM cooling fan</p>	125 € + iva
	<b>KCH-306 BP</b>	<p>6 slot bench top chassis for space-limit application          Passive backplane with choice of 6-slot ISA, 6-slot PICMG,          Standard 250-watt AC AT/ATX power supply, optional redundant-with (2) 300-watt AC ATX hot swappable, 300w AC AT/ATX power supply and 300w DC 48V power supply          Replaceable air filter for easy cleaning          It can be vertically or horizontally mounted and easy to fit into different space limited environment          Power, Hard disk, Keyboard lock LED indicators          One external 5.25" and 3.5" and one internal HDD drive bays</p>	158 € + iva

	<b>KCH-308BP</b>	<p>8 slot bench top chassis for space-limit application. 8-slot PICMG and 10-slot PICMG. It can be vertically or horizontally mounted and easy to fit into different space limited environment. Serious considerations in accessibility for cabling and wiring. Sturdy and well cooled chassis to withstand vibration and high temperature environment. Power, Hard disk, Keyboard lock LED indicators. Two adjustable positions for hold-down to fix all the cards more flexibly and tightly. 5.25" drive space for CD-ROM or mobile rack and Easy to install software and mirror disk (RAID 1)</p>	160 € + iva
	<b>KCH-308 ATX</b>	<p>For card Micro ATX and ATX. It can be vertically or horizontally mounted and easy to fit into different space limited environment. Serious considerations in accessibility for cabling and wiring. Sturdy and well cooled chassis to withstand vibration and high temperature environment. Power, Hard disk, Keyboard lock LED indicators. Two adjustable positions for hold-down to fix all the cards more flexibly and tightly. 5.25" drive space for CD-ROM or mobile rack and Easy to install software and mirror disk (RAID 1)</p>	170 € + iva
